

GLOBAL PAINT COMPANY

ACCELERATOR

Description: METALUX 2 Accelerator has been formulated as an additive to the METALUX 2 2K system to speed up the initial cure of the product. It is ideally used at low temperatures or where small touch up requires a faster cure.

Product: METALUX 2 Accelerator, 8784.

Application: Add 2% to 5% of METALUX 2 Accelerator (1 to 3 caps) per litre, to either 2K colours or clears before adding hardener and reducer.

Mixing Ratio: When METALUX 2 Accelerator is used, the materials pot life will be reduced by 50% @ 25°C / 77°F. Higher temperatures additionally will shorten pot life even more.

Safety & Health: Refer to text on label and MSDS. Flammable – keep away from sources of ignition. No smoking. Do not breathe in spray. In case of insufficient ventilation, wear suitable respiratory equipment.
