

GLOBAL PAINT COMPANY

SUPERBLEND THINNERS

Description: Specially formulated solvent designed for dissolving edges of fade-out areas invisibly into the background in the process of spraying topcoats (making spot repairs). Super Blend Thinners can be used in METALUX 2 2K Clears and 2K Polyurethane colours.

Product and Additives Super Blend Thinner, 1174.

Basic Raw Materials: Various solvents.

Application Process: Follow fading out of the above products, the fade-out area can be resprayed immediately with pure Super Blend Thinner.

Perform this in two steps:

Respray the fade-out area sparingly with the Super Blend Thinner.

Immediately thereafter (after 10-15 seconds), respray again with Super Blend Thinner.

Note: Keep Super Blend Thinner sealed when not in use.

Health & Safety: Refer to text on label and MSDS. Flammable – keep away from sources of ignition. No smoking. Do not breathe in spray. In case of insufficient ventilation, wear suitable respiratory equipment.
